Rosaville, Ga. - Mrs. Kale Lee Able, of from transfer was his place, writes: "My husband is an engineer, and once while lifting, he inhired himself with a piece of neavy mathinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 155 lbs., and tell off until he weighed 110 lbs., in Iwo weeks.

He became constiputed and it looked the he would die. We had three different doctors, yet with all their medicine, his bowels tailed to act. He would turn up a ten-cent bottle of castor oil, and drink placed the OLDSMOBILE in the front rank of passenger cars and, before many moons, an its at high grade corton and a great did this yet without result. We became it two or three days in succession. He desperate, he suffered so. He was swolles terribly. He told me his suffering could only be described as torture.

I sent and bought Thedford's Blackdealing exclusively to War marings Draught. I made him take a big dose, and when it began to act he lainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Thedford's Black-Draught."
